WONDERFUL WORKS

Lots Like It Being Done Right Here In Astoria.

Astoria.

Astoria people are surprised at the work being done by "The Little Conqueror." Public expression on the subect brings the matter frequently before the public. At first there were many doubters, and why not? So many claims of a similar nature have been made with little or no backing, excepting the word of some stranger residing in a far away place; this evidence was accepted for lack of better, not necessary to accept it any longer. All sufferers from any kidney ill can find plenty of local endorsement for a remedy that will cure them. Surely the wonderful work of Doan's Kidney Pills right here at home is proof sufficient right here at home is proof sufficient to satisfy any skeptic. I would have to lay off work. To bend

In the morning I arose as tired as when

# has established temporary quarters in LONELY MINER BURNED TO DEATH IN HIS CABIN

No Details of Death Can Be Obtained-Establishment of Money Order System Proves of Great Importance.

Seattle, Feb. 9.-A special to the P.-I. from Dawson says: Adam Goldsworthy was burned to death in a cabin at Reindeer, on the Yukon river, a short distance above Dawson a few days ago. The information comes through the police, by whom Goldworthy's remains were found in the ruins of the cabin.

The exact details of how Goldsworthy met his death never will be known. He was traveling alone and evidently put up in the cabin for for the night, and built a fire, which got beyond the stove and consumed the house and himself.

The temperature was somewhere in the neighborhood of 50 degrees below zero at the time. The house was an old one used as a refuge for travelers. Goldsworthy had a horse with him, which he left tied in a stable near the cabin. The animal was nearly starved when found. ,

Goldsworthy was a miner on Henderson creek. He was from Salmon cove, Trinity, Newfoundland, and was 31 years old. His father lives at Salmon cove.

KILLED IN MINE.

Louis Denslow, of South Bend, Ind., was killed accidently in a mine on Gold Bottom creek Saturday. A ton of gravel fell from the roof of the drift in which he was working and buried him.' After two hours' hard work, the body was rescued in a badly bruised condition. The coroner's jury rendered a verdict of accidental death, and attached no blame to anyone. Denslow's body has been brought to Dawson, and is being held here pending advice from his parents as to its disposition. Denslow was 25 years old.

It is a peculiar coincidence that the day Denslow was killed a letter was received by the post masted at Dawson asking for his whereabouts. The letter was from a friend in Tacoma, who said he had not heard from Denslow for some time, and was anxious concerning him.

MONEY ORDER BUSINESS.

More than \$4,000,000 has been sent from from Dawson through the post office since the establishment here of the money order system July 22, 1899. This showing, Postmaster Hartman says, is the largest made by any one post office in the world. Some of the great cities have numerous suboffices and have a better showing, but for a city having only one post office, and one money order window, Dawson leads.

The money sent yearly by Dawson by money orders since the establishment of the money order system here has been as follows:

1899, after July 22 .....\$ 128,868 1900 ...... 750,038 1901 ..... 1,406,858 1902 ...... 1,099,850 1903 ..... 777,370

The foregoing statement is for the calendar year, Jan. 1 to Dec. 31 It is to be noticed that since 1901 the money sent from Dawson through Plenty more proof like this from As-toria people. Call at Charles Rogers drug store and ask what his customers for this by the fact that money order offices have been opened on the for this by the fact that money order offices have been opened on the creeks tributary to Dawson and much of the money which formerly came here to be sent outside is now sent direct from the creek offices.
